A Good GA

UKunitarianTV has had another good GA (the annual UK Unitarian conference) with a lot of interest in our stall (see below) and a very well attended session - this was the first year we had chosen to hold one of these, and it worked very well. James Barry spent the 40 minutes explaining what the project had achieved in the past 12 months. It was filmed and can be seen at www.ukunitarian.tv?aboutus. The image below was taken when all the members of the *UKunitarianTV* crew who were attending GA were being introduced. From Left to right those standing are, James Barry, Louise Rogers, Peter Zone, Rev Danny Crosby and Janet Ford. Kevin Lowe was also in the room but out of shot. Images by Emma Lowe.

Can you help? - a funding appeal - see www.ukunitarian.tv?aboutus

During the session at the GA, it was announced that since we have been filming, none of the crews have ever claimed any petrol money for the vast distance they have travelled to create our films.

*One of the biggest problems is that with only one high quality camera in each crew, we really need at least two crews at a filming location. The answer is to purchase some new high-definition remotely controlled cameras. These would mean an event can be filmed by just one crew. We need a budget of £1000 for each one, but with only two or three of these, the quality and number of films we can produce can increase without the need for the crews to criss-cross the country. Any amount to our appeal will be greatly appreciated. Cheques made out to *UKunitarianTV* can be sent to our Treasurer: Mr Alan Eastwood, 7 Arundel Close, Knutsford, Cheshire, WA16 9BZ - thank you.*

The image here shows the *UKunitarianTV* stall at the GA. As well as newsletters and other literature, we had two screens running films for the whole conference. One showed a series of our short films and the second monitor showing the film of a recent service at Kendal. Kevin, Bronwyn, John and Joan need to be congratulated on this film as it is the first time we haven't had any technical problems recording a service. The film can be seen at www.ukunitarian.tv?kendal-service.
